Emergency phone numbers for grinder pumps

Joint Facilities out of East Hampton services the grinder pumps. They will respond to any problems with the grinder pumps.

For alarms during the week (Monday-Friday) between the hours of 7:30am and 3:30pm, call Joint Facilities directly at 267-4142 or 267-2536.

For alarms after 3:30pm, call Colchester Dispatch at 537-3412. They will notify the person on call for Joint Facilities of the problem. Make sure you give the dispatcher your name, address and phone number so that Joint Facilities can contact you back.

Reminder: If there is a power outage your grinder pump does not work.

Cooking or animal grease should NOT be poured down the drain. Grease causes build-up on the floats and hinders operation of the grinder pump. Homeowners will be billed an additional charge for any alarm calls related to excessive grease build-up.

Joint Facilities -- 860-267-4142 or 860-257-2536
Colchester Dispatch - 860-537-3412

If you rent your property please give a copy of this letter to the people renting your property.

If you have any questions please call me at 228-5971 ext. 144.

Sincerely,

Denise E. Cooper
